American Sentinel University
Dr. Karen Whitham, Associate Dean
303-557-2560

Campus Sites: ITT Technical Institute has one individual at each campus site. That individual's primary focus is to secure physical records. For security reasons, the campuses are not open. Grades earned during the most recent quarter are currently being input and student transcripts will be updated early next week, thus allowing students who have completed their programs to graduate. Diplomas will be mailed directly to graduates' homes. ITT Educational Services is currently working on reconciling all student financial accounts and will make financial ledgers available at a future date to be confirmed.

Transcripts: Students wishing to request transcripts should access the ITT Student Portal. Graduates can also request transcripts via the ITT Alumni website. The ITT Technical Institute website is currently being updated to provide further information and a direct link to transcript requests. The company is entering into an agreement with Parchment for transcript maintenance. Contact information for Parchment will be provided at a later stage. This information will likely be posted to the ITT Technical Institute website.
